## COMPUGILIST

---

Thanks for purchasing Compugilist – a versatile new dual-effect unit based on two of our most popular pedals: The Bends Compressor and Pugilist Distortion. Both effects are independently switchable and feature straightforward controls. The Compressor offers Recovery, Compression and Level controls, with a Gain Reduction indicator light. The Distortion side offers familiar Gain, Tone and Level controls.

The Compugilist is a great way to get that classic “mastered” rock tone in a single pedal.

DESIGNED IN CALIFORNIA, U.S.A.

## **Distortion Bypass Footswitch & LED**

Footswitch bypasses distortion effect. LED illuminates when distortion effect is active.

## **Level (Distortion)**

Controls overall distortion output level.

## **Tone**

Similar to tone control on a guitar — turn counterclockwise to decrease treble frequencies; turn clockwise for full-range tone.

## **Gain**

Controls amount of distortion added to signal.

## **Bass Boost**

Boosts low-end frequencies.

## **Compressor Bypass Footswitch & LED**

Footswitch bypasses compressor effect. LED illuminates when compressor effect is active.

## **Recovery**

Controls compressor recovery time.

## **Compression**

Controls amount of compression (compression ratio).

## **Level (Compressor)**

Controls overall compressor output level.

## **G.R. (Gain Reduction) LED**

Illuminates when gain is actively being reduced.

## **Input Jack**

High-impedance input suitable for electric guitar, bass, acoustic guitars with pickup systems, keyboards and other instruments.

## **Output Jack**

Low-impedance output jack connects to amp or to next effect pedal in signal chain.

## **DC Power Connector**

Standard center-negative 9VDC jack for use with appropriate power supplies.

## **LED Kill Switch**

Deactivates control-knob illumination.

### Important Safety Instructions

---

- **WARNING:** To prevent damage, fire or shock hazard, do not expose the unit or its AC power to rain or moisture.
- Do not alter the AC plug of the connected power adapter
- Do not drip or splash liquids on the unit.
- No user serviceable parts inside, refer servicing to qualified personnel only.
- **WARNING:** The unit must only be connected to a safety agency certified, regulated, power source (adapter), approved for use and compliant with applicable local and national regulatory safety requirements.
  - Unplug the AC power adapter before cleaning the unit exterior. Use only a damp cloth for cleaning and then wait until the unit is completely dry before reconnecting it to power.
  - Amplifiers and loudspeaker systems, and ear/headphones (if equipped) are capable of producing very high sound pressure levels which may cause temporary or permanent hearing damage. Use care when setting and adjusting volume levels during use.

## 产品中有害物质的名称及含量

部件名称	有害物质					
	铅 (Pb)	汞 (Hg)	镉 (Cd)	六价铬 (Cr(VI))	多溴联苯 (PBB)	多溴二苯醚 (PBDE)
箱体	O	O	O	O	O	O
喇叭单元*	O	O	O	O	O	O
电子部分	X	O	X	O	O	O
接线端子	X	O	O	O	O	O
电线	X	O	O	O	O	O
附件	O	O	O	O	O	O

本表格依据 SJ/T 11364 的规定编制。

O: 表示该有毒有害物质在该部件所有均质材料中的含量均在 GB/T 26572 规定的限量要求以下。

X: 表示该有毒有害物质至少在该部件的某一均质材料中的含量超出 GB/T 26572 规定的限量要求。

注: 含有有害物质的部件由于全球技术发展水平限制而无法实现有害物质的替代。

\*产品含有喇叭单元时有效。
