PRECISION BASS

Your new Fender Bass incorporates the highest standards of craftsmanship and quality components. As a Fender owner you can be proud and self-assured in the knowledge that you have the finest.

Your playing pleasure will be enhanced if you become thoroughly acquainted with all of the features of your instrument. Please read this manual carefully and completely. If you need more information contact your authorized Fender dealer.
MODERN HEAD DESIGN
Places keys on one side for better access. Provides straight string pull for all strings.

FRETTED NECK
Slender and accurate fretting providing perfect intonation.

FRETLESS NECK
Gives the “feel” and versatility of an upright bass.

CUTAWAY BODY
Comfort contoured design.

ADJUSTABLE NECK TRUSS-ROD

ADJUSTABLE PICKUPS

VOLUME CONTROL

TONE CONTROL

ADJUSTABLE BRIDGES
STRING HEIGHT ADJUSTMENT

There are eight string height adjustment screws, as shown. To raise the strings turn the adjustment screws clockwise. To lower the strings turn the adjustment screws counter-clockwise.

STRING LENGTH ADJUSTMENT

There are four string length adjustment screws, as shown. If a string sounds flat when played at the twelfth fret, compared with the open string harmonic at the same fret, the adjustment screw should be turned clockwise to shorten the string. If a string sounds sharp to the harmonic, the screw should be turned clockwise to lengthen the string.
ADJUSTABLE NECK TRUSS ROD

The Neck Adjustment Nut is located at the body end of the neck. If the neck is bowed away from the strings the nut should be tightened (clockwise). If the neck is bowed toward the strings the nut should be loosened (counterclockwise). Use a flat head screwdriver with a tip approximately 1/8” wide (too large a tip will damage the pickguard). Usually a quarter turn or less is required. While turning the screw it is helpful to apply pressure to the neck in the same direction as the required adjustment.

PICKUP ADJUSTMENT

There are two height adjustment screws, one at each end of the pickup. Turn the screws clockwise to raise and counterclockwise to lower the pickup.
ACCESSORIES FOR YOUR FENDER GUITAR

F-90 BRIGHT SET  NICKEL
ROUND WOUND

Electric Bass Strings

FENDER ELECTRIC STRINGS

They finger beautifully with consistent tonal quality and long life expectancy. Plus they are designed to match perfectly with Fender Guitars and Basses.
